The mission of Karmayogi Vidhya Vikas Va Samajik Bahu-Udheshiya Sanstha is to increase services, access, disease management, and patient care for HIV positive members of the Hiv+ community and to develop a culturally competent and comprehensive model HIV health care delivery system. Patient care is one that serves all Hiv+ people with dignity, respect and compassion. Our commitment is to explore, learn, teach, heal and comfort the Hiv+ community with HIV disease. Of essence is being considerate and respectful of personal values and beliefs and to be informed about and participate in decisions regarding their care, as well as provisions for security, personal privacy and confidentiality.

The assessment, development, implementation, and evaluation of this model will ensure delivery of a spectrum of comprehensive services for clients at risk and clients with HIV disease in the following areas:

- HIV prevention.
- HIV testing and counseling.
- Early medical intervention.
- Treatment and care across the continuum of HIV disease.
- Provider development and HIV knowledge and skills development.
- Technical assistance and replication to other IHS and tribal care settings.
- Research initiatives and clinical trials.
- To introduce Spiritual Learning's to bring about their strength and to connect them to the main stream of the society as a nation builder.
